ACCESSORIES

Ref. 1140/51 Table mounting stand.

- Door phone 1140/12 is already equipped with buzzer for differentiated calls (terminals +/- and -/~). No additional resistor needs to be connected to the terminals for installation in systems with relay devices Ref. 788/51 and 788/54. The resistor is built into the buzzer circuit in this case.

(A) Jumper between terminals 6-10 to be cut in intercom systems.

(B) Connection jumper between terminals 10 and -/~ to be cut to separate buzzer ground from door phone ground.
