auta

Bringing people together

They say that the first impression is what counts, and our products are the first impression that visitors receive, so at Auta we face a new era with the mission of revaluing the role of door and video door systems.

Our new designs and functionalities use technology to adapt to the present and anticipate the future, without losing sight of our essence.

At Auta we create products so that you open your doors to others safely and trust. **Our mission is to facilitate meetings and bring people closer together.**

Values

QUALITY

Our products are designed and produced to respond reliably to the most demanding uses. They are certified ES99 / 0101 (ISO 9001) in design, manufacture, marketing and repair of electronic door phones and video door phones.

The not seen components as well as well as the seen finishes have both the same high quality.

CLOSENESS

We are a Spanish company focused on our clients. We pride ourselves on responding when they need us and being fast and efficient in shipments and solutions, before or after the sale.

COMPROMISE

We are one of the most important European manufacturers of door, video door and access control systems.

The more than 50 years of experience and the presence on the five continents are the result of our commitment to technology, design, flexibility and reliability.

TRUST

At Auta we design and manufacture all our products in Spain for the world. This is a guarantee of trust for our national and international clients, since we remain faithful to the commitment to quality and service that has characterized us since 1966.

MONITOR
auta onex IP
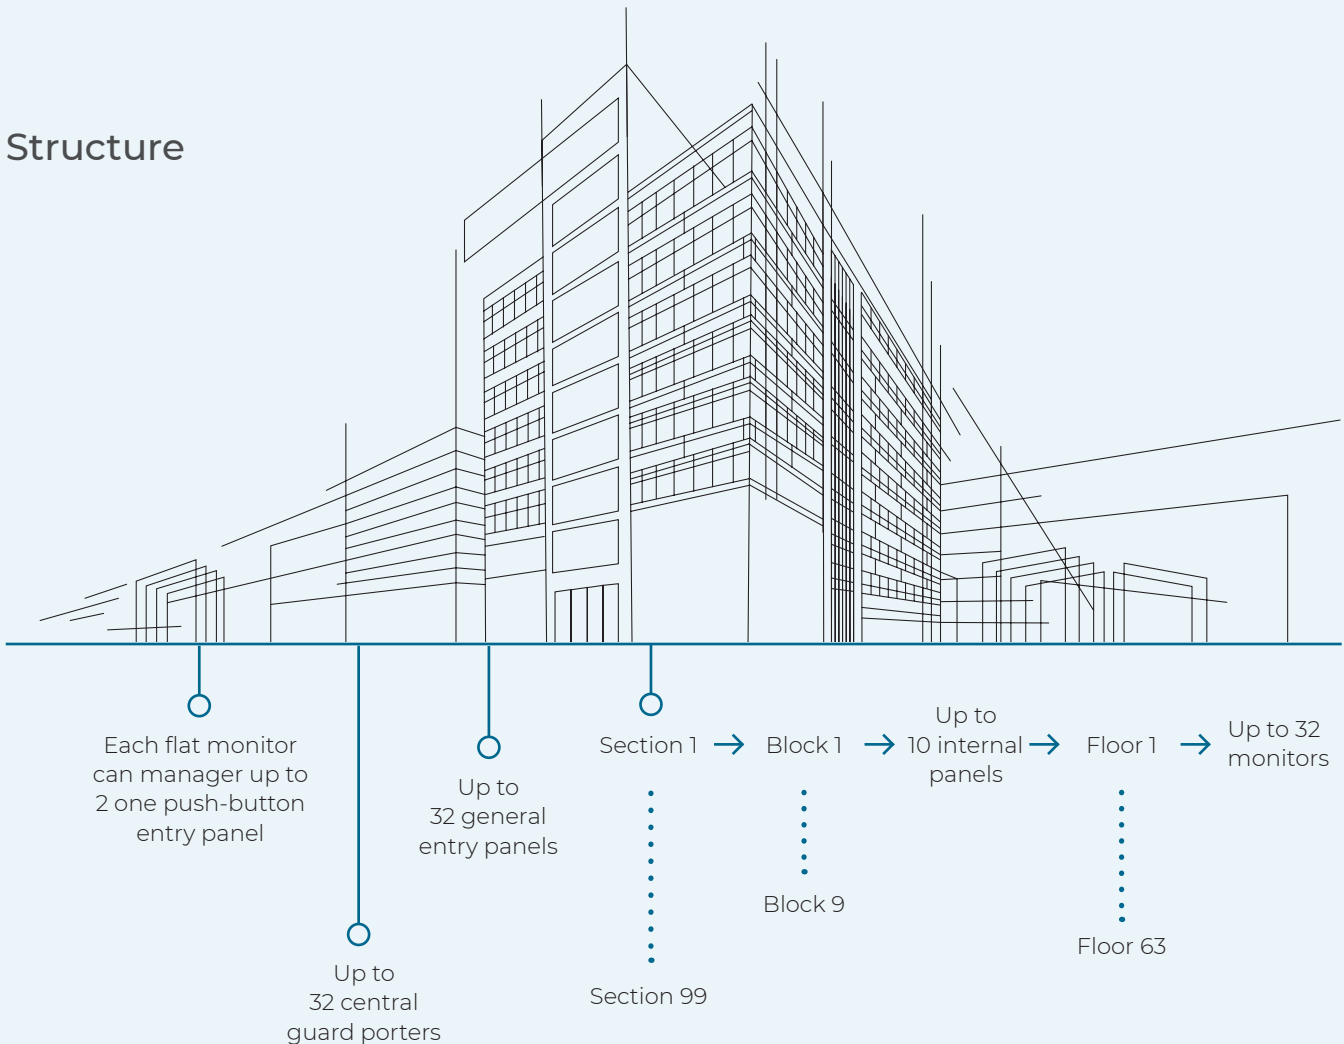

Universal, minimalist and touch

Designed for a comfortable and dynamic use, the Auta Onex IP monitor presents a minimalist and functional design adaptable to any space, with a contemporary and elegant aesthetic concept.

7" screen with touch technology

allows the user an easy and intuitive operation. Full DUPLEX hands-free communication system.

Monitors Auta ONEX IP allow feeding by Standard 48V PoE,

This means it uses standard 48V PoE switch power and no dedicated power supply is required.
In addition to answering calls to the home, it also allows you to manage missed calls, view image captures, read messages received by the administrator, view auxiliary cameras, notify alarms on the monitor / concierge and the possibility of managing the security system in the living place.

It allows intercommunication between flats, as well as the dissemination of messages within the same flat.

"Panic" function, allows you to send a panic call to central guard porter.

CENTRAL GUARD PORTER
auta onex IP

It has a function to open all the doors of the complex in case of emergency.

Centralized and global control

The Auta central guard porter Onex IP is a desktop device that allows communication with any entry panel or flat other functions for a comprehensive and simple control of access security.

The central can receive and control the status of the neighborhood community, receiving alarms, calls. It also allows communication with other centrals in the facility.

Vigilance and security

Thanks to its user interface, it is possible to see any missed call or panic call and call back to the flat.

Total control

Possibility of controlling Auta Onex IP panels and CCTV cameras integrated in the installation.

Communication easiness

DUAL audio system, allows handsfree and handset communication.

Ergonomically designed for friendly use, the Auta Onex IP guard porter integrates a **large 10.1 "touch screen and capacitive buttons** to interact with it intuitively.

Access control user management. Built-in MiFARE reader.

Built-in Pinhole camera.

MODULES FOR BUILDINGS

REF.	DESCRIPTION
508004	**2 WIRES AUDIO MODULE** Audio module for 2H digital systems. Incorporates 2H video management that allows future extensions of the system. Compatible with COMPACT entry panels.
508001	**2 WIRES AUDIO/VIDEO MODULE** Audio and video module for 2H digital systems. Compatible with COMPACT entry panels.

PANEL AUXILIARY MODULES

REF.	DESCRIPTION
509018	**CARDHOLDER MODULE (DC)** Panoramic retro-illuminated card module. It allows incorporating any type of information deemed necessary into street signs. Compatible with COMPACT entry panels. 24Vdc power supply.

MODULES OF CONTROL AND ACCESSORIES

REF.	DESCRIPTION
600019	**2 WIRES MODULE OF CONTROL** Digital control module for AUDIO and AUDIO / VIDEO 2H systems. Independent management of up to 2 doors with free opening. Door sensor management. Management of auxiliary opening buttons. Possibility of selecting opening times. It incorporates access control with up to an individual opening code per dwelling as well as 4 general codes. Automatic management of plates only push button, keyboard + display entry panels
600020	**2 WIRES ALPHANUMERIC MODULE OF CONTROL** Digital module of control for AUDIO and AUDIO / VIDEO 2H systems. Allows direct dialing using the floor + letter number of the house. It allows to dispense plates repertoire. Management of mixed boards (Display + Pushbuttons), as well as ONLY PUSHBUTTONS where the choice of the buttons for the floor number and the letters of the houses is free. It incorporates the same features as the 600019 module.
600002	**CONNECTION MODULE OF ROWS & COLUMNS** Allows the link of push-button digital entry panels. Lighting Management. Compatible with all digital systems. Up to 3 entry panels with 66 push-buttons.

KEYPAD MINI

REF.	DESCRIPTION
730165	**KEYPAD MINI** Portable keyboard that allows the configuration of internal parameters in the module of control. It also allows the management of the user database in those who have this function

POWER SUPPLY

REF.	DESCRIPTION
715303	**ALV-1,5 A POWER SUPPLY UNIT** Switched power supply. Input 100-260 Vac 50-60 Hz. Output 24Vdc 1.5A.Made of high quality ABS. In digital systems Auta allows you to install up to 30 monitors and 50 telephones or 3 elements with simultaneous call. It can be installed on the surface or by DIN rail (3 elements)
715703	**ALV-2,5 A POWER SUPPLY UNIT** Switched power supply. Input 100-260 Vac 50-60 Hz. Output 24Vdc 2.5A.Made of high quality ABS. In digital systems Auta allows you to install up to 50 monitors and 100 telephones or 5 elements with simultaneous call. It can be installed on the surface or by DIN rail (4 elements)
730168	**2 WIRES POWER INJECT** Power injector for 2 WIRES systems. It has 2 operating modes. INJECTOR MODE (FACTORY): Installed next to the system feeder. SECTIONER MODE: It is used to place reinforcement feeders in the same line.
730145	**BATTERY MANAGER** It allows to connect some batteries to maintain permanent power in the installation, to the following power supplies: 715303 and 715703.
715503	**ATF-12 POWER SUPPLY UNIT** Analog power supply. Entry 220-230 Vac. Output 12Vac 1.2A. Made of high quality ABS. It is mainly used in analog installations. It can also be used in systems where you want to feed a 12Vac door opener up to 1.2A. Can be mounted on the surface or DIN rail (2 elements)

730171

COMMUNICATIONS

REF.	DESCRIPTION
730171	**2 WIRES SYSTEM ROUTER** It allows the realization of multiple entry panel and riser 2 WIRES installations. It allows to apply several routers in the same.

753298

509011	**COLOR COAXLESS DECOR VIDEO MODULE** Color module of coaxless and P&P systems. Compatible with COMPACT y DECOR entry panels. Allows installation with B&W monitors.

MODULE OF CONTROL AND ACCESSORIES

REF.	DESCRIPTION

600011 — **VISUALTECH MODULE OF CONTROL**
Digital control module for AUDIO and AUDIO / VIDEO VISUALTECH systems. Central Guard Porter Management. Can manage up to 63 buildings and 16.000 apartments. Door sensor management. Management of auxiliary opening buttons. Possibility of selecting opening times. It incorporates access control with up to an individual opening code per dwelling as well as 4 general codes. Automatic management of plates only push button, keyboard + display entry panels.

600017 — **ALPHANUMERIC VISUALTECH MODULE OF CONTROL**
Digital control module for AUDIO and AUDIO / VIDEO VISUALTECH systems.
Allows the direct deal as floors number and apartment letter.
Can manage push-buttons & display entry panels and push-button ONLY entry panels.
Same benefits as 600011.

600002 — **CONNECTION MODULE OF ROWS & COLUMNS**
Allows the link of push-button digital entry panels. Lighting Management. Compatible with all digital systems. Up to 3 entry panels with 66 push-buttons.

600015 — **MULTI-MODULE OF CONTROL**
Allows the connection of several modules of control wit ONE AUDIO or AUDIO/VIDEO module.
Allows more than 3 entry panels and 66 push-buttons. Compatible with all digital systems.

KEYPAD MINI

REF.	DESCRIPTION

730165 — **KEYPAD MINI**

MODULES FOR BUILDINGS

REF.	DESCRIPTION
509049	**COAXLESS AUDIO MODULE** Audio module for COAXLESS and P&P systems. It incorporates COAXLESS video management that allows future extensions of the system. Compatible with COMPACT door entry panels.
509058	**COLOR COAXLESS AUDIO/VIDEO MODULE** Audio and video module for COAXLESS and P&P systems. Compatible COMPACT door entry panels.

MODULES FOR S1 ENTRY PANELS

REF.	DESCRIPTION
509088	**COAXLESS AUDIO MODULE FOR S1 PANEL** Audio module for COAXLESS and P&P systems. It incorporates COAXLESS video management that allows future extensions of the system. Compatible with COMPACT door entry panels S1
509077	**COAXLESS AUDIO/VIDEO FOR S1 PANEL** Audio and video module for COAXLESS and P&P systems. Compatible COMPACT door entry panels S1. It can be installed on systems with B&W monitors.

PANEL AUXILIARY MODULES

REF.	DESCRIPTION
509018	**CARDHOLDER MODULE (DC)** Panoramic retro-illuminated card module. It allows incorporating any type of information deemed necessary into street signs. Compatible with COMPACT entry panels. 24Vdc power supply.
509048	**DIGITAL ADAPTED MODULE** Panoramic retro-illuminated card module. Shows system information to people with hearing impairment. Compatible with COMPACT entry panels and DIGITAL systems.
509011	**COLOR COAXLESS DECOR VIDEO MODULE** Color module of coaxless and P&P systems. Compatible with COMPACT y DECOR entry panels. Allows installation with B&W monitors.

MODULE OF CONTROL AND ACCESSORIES

REF.	DESCRIPTION

600016

P&P MODULE OF CONTROL
Digital module of control for P&P systems. Not screws required. Connection with RJ-45 connectors. Allows calling code data-base setting. Independent Manager of 2 doors. Door sensor management. Central Guard Porter management. Up to 64500 flats and 254 buildings.Opening auxiliary buttons management. Opening time selection. Build-in access control with 1 accesscode for each flat and 4 access codes. Automatic selection of push-button/keypad+display/mix entry panels. Compatible with COMPACT y DECOR digital entry panels.

600021

DIRECTORY P&P MODULE OF CONTROL
Same benefits as 600016 module of control. Each calling code can have name associated User's research through arrows. ONLY compatible with Directory entry panels.

600002

CONNECTION MODULE OF ROWS & COLUMNS
Allows the link of push-button digital entry panels. Lighting Management. Compatible with all digital systems. Up to 3 entry panels with 66 push-buttons.

600015

MULTI-MODULE OF CONTROL
Allows the connection of several modules of control wit ONE AUDIO or AUDIO/VIDEO module. Allows more than 3 entry panels and 66 push-buttons. Compatible with All digital systems.

Kit connection PC USB

REF.	DESCRIPTION

167097

KIT CONNECTION PC USB
USB communications KIT for PC. Allows the calling call data-base management in the module of control. Free Software included. Compatible with Windows XP, 7, 8 y 10.

KEYPAD MINI

730165

KEYPAD MINI
Portable keyboard that allows the configuration of internal parameters in the module of control. It also allows the management of the user database in those who have this function

PANEL AUXILIARY MODULES

REF.	DESCRIPTION

509018   **CARDHOLDER MODULE (DC)**
Panoramic retro-illuminated card module.
It allows incorporating any type of information deemed necessary into street signs. Compatible with COMPACT entry panels. 24Vdc power supply.

509048   **DIGITAL ADAPTED MODULE**
Panoramic retro-illuminated card module. Shows system information to people with hearing impairment. Compatible with COMPACT entry panels and DIGITAL system.

509005   **COLOR COAX DECOR VIDEO MODULE**
Color module of COAX systems. Compatible with COMPACT y DECOR entry panels. Allows installation with B&W monitors.

509011   **COLOR COAXLESS DECOR VIDEO MODULE**
Color module of COAXLESS and P&P systems. Compatible with COMPACT y DECOR entry panels. Allows installation with B&W monitors.

MODULE OF CONTROL Y ACCESSORIES

REF.	DESCRIPTION

600013   **COMPACT MODULE OF CONTROL**
Digital module of control for AUDIO, COAX and COAXLESS systems. . Allows calling code data-base setting. Independent Manager of 2 doors. Door sensor management. Central Guard Porter management. Up to 64500 flats and 254 buildings.Opening auxiliary buttons management. Opening time selection. Build-in access control with 1 accesscode for each flat and 4 access codes. Automatic selection of push-button/keypad+display/mix entry panels. Compatible with COMPACT y DECOR digital entry panels.

600014   **DIRECTORY MODULE OF CONTROL**
Same benefits as 600013 module of control. Each calling code can have name associated User's research through arrows. ONLY compatible with Directory entry panels.

600018   **ALPHANUMERIC MODULE OF CONTROL**
Digital module of control for AUDIO, COAX and COAXLESS systems. Allows the call pressing floor number and flat's letter. Same benefits as 600013 module of control

600002   **CONNECTION MODULE OF ROWS & COLUMNS**
Allows the link of push-button digital entry panels. Lighting Management. Compatible with all digital systems. Up to 3 entry panels with 66 push-buttons.

600015   **MULTI-MODULE OF CONTROL**
Allows the connection of several modules of control wit ONE AUDIO or AUDIO/VIDEO module. Allows more than 3 entry panels and 66 push-buttons. Compatible with All digital systems.

Kit connection PC USB

REF.	DESCRIPTION

167097   **KIT CONNECTION PC USB**
USB communications KIT for PC. Allows the calling call data-base management in the module of control. Free Software included. Compatible with Windows XP, 7, 8 y 10.

KEYPAD MINI

730165   **KEYPAD MINI**
Portable keyboard that allows the configuration of internal parameters in the module of control. It also allows the management of the user database in those who have this function

REF.		DESCRIPTION
751305	○	**COLOR COMPACT AC-900N ANALOG MONITOR** For AUTA analog audio/video systems. Compatible in installations with the following Analog monitors: AV-79N, AV-793, AV-870. Connection bracket included.
751098	○	**COLOR ANALOG DECOR MONITOR** For AUTA analog audio/video systems. Compatible in installations with the following Analog monitors: AV-96 (750196), B&W DECOR (750698). Connection bracket included.

Accessories

POWER SUPPLY

715503

719902

719903

REF.	DESCRIPTION
715503	**ATF-12 POWER SUPPLY UNIT** Analog power supply. Entry 220-230 Vac. Output 12Vac 1.2A. Made of high quality ABS. It is mainly used in analog installations. It can also be used in systems where you want to feed a 12Vac door opener up to 1.2A. Can be mounted on the surface or DIN rail (2 elements).
719902	**KIT POWER SUPPLY FOR AUDIO SYSTEMS** Compatible con power supplies: ATF-80, ATF-91, ATF-92.
719903	**KIT POWER SUPPLY FOR VIDEO SYSTEMS** Compatible con power supplies: ALK-79, ALV-79, ALK-95, ALV-95, ALK-96, ALV-96.

COMMUNICATIONS

730181

730180

REF.	DESCRIPTION
730181	**KIT CA-2 MINI + ATF-12** To switch audio between panels. One feeds 2 panels. Includes ATF-12 POWER SUPPLY.
730180	**CA-2 MIN** To switch audio between panels. One feeds 2 panels.

ACCESSORIES

730211

730213

REF.	DESCRIPTION
730211	**MINI AUXILIARY RELAY** For analog systems with Electronic call. Allows the connection of normally open normally closed circuits.
730213	**12V MINI AUXILIARY RELAY** 12V universal relay. Allows the connection of normally open normally closed circuits.

BUZZERS

730174 | Only for buzzer call systems.

REF.	DESCRIPTION
730174	**WIRELESS BUZZER HEB KIT** Allows the call extension of the monitor/handset. Wireless. Up to 200m a open field. Emission frequency 868 Mhz that allows good reception. 32 selectable melodies. Up to 30 receivers in the same apartment/house.

STANDALONE

	REF.	DESCRIPTION
	850105	**STAND-ALONE 4K PROXIMITY READER** Stand-alone proximity reader. EM technology (125Khz). Made in high quality aluminum. Management of up to 4000 users. Can be installed embedded or surface. Internal/external installation. 12/24 ac/dc.
	940101	**STAINLESS STEEL STAND-ALONE 4K PROXIMITY READER** Stand-alone proximity reader. EM technology (125Khz). Made in high quality polished stainless steel. Management of up to 4000 users. Can be installed embedded or surface. Internal/external installation. 12/24 ac/dc.
	507222	**STAND-ALONE 4K PROXIMITY READER** Stand-alone 4K proximity module that can be installed at COMPACT and STAINLESS STEEL panels. EM technology (125Khz). Management of up to 4000 users. 12/24 ac/dc.
	721150	**STAND-ALONE PROXIMITY READER** Stand-alone proximity reader far access control that allow up to 4000 different users. EM technology (125Khz). Made in high quality polycarbonate. Surface installation. Internal/external installation, IP66. 12/24 ac/dc.
	721117	**EM PROXIMITY CARD** Proximity card numerated ISO 4002. EM technology (125Khz). Can be personalized.
	721118	**EM PROXIMITY KEY FOB** Proximity KEY FOB numerated ISO 4002. EM technology (125Khz)
	850101	**COMPACT AUTA KEY** Keypad for access control that allow up to 300 different codes. Made in high quality aluminum. Management of 2 independent doors. Can be installed embedded or surface. Outdoor/Indoor. 12/24 ac/dc.
	940100	**STAINLESS STEEL AUTA KEY** Keypad for access control that allow up to 300 different codes. Made in high quality aluminum. Management of 2 independent doors. Can be installed embedded or surface. Outdoor/Indoor. installation. 12/24 ac/dc.
	721162	**STAND-ALONE MINI BK KEYPAD + PROXIMITY** Keypad + Proximity that allow up to 1000 different codes_cards. EM technology (125 Khz). Made in high quality ABS. Surface installation. Internal/external installation, IP65. 12/24 ac/dc.

Access control

STANDALONE

REF.	DESCRIPTION
721102	**ANTI-VANDAL STAND-ALONE MINI KEYPAD** Keypad for access control that allow up to 99 different codes. Made in high quality EXTRA ALUMINUM. Surface installation. Internal/external installation, IP65. 2 different outputs. 12/24 ac/dc. **PROMOTION UNTIL END OF STOCK**
721163	**STAND-ALONE BIOMETRIC READER BK** Finger print reader far access control. Up to 98 finger prints. Made in high quality ABS. Surface installation. Internal/external installation, IP65. 12Vdc.
721154	**BIOMETRIC + PROXIMITY READER STAND-ALONE** DUAL reader. Include finger print read and proximity read of cards/fobs. Up to 98 finger prints and 2000 cards. EM and HID technology (125Khz). Made in high quality aluminum. Surface installation. Internal/external installation, IP65. 12Vdc.
721155	**BIOMETRIC + KEYPAD READER STAND-ALONE** DUAL reader. Include finger print read and code. Up to 97 finger prints and 97 codes. Made in high quality aluminum. Surface installation. Internal/external installation, IP65. 12Vdc. IP65. 12Vcc.
721114	**ANTI-VANDAL STAND-ALONE DUAL READER** DUAL READER Keypad + Proximity reader far access control that allow up to 99 different codes + EM cards. Made in high quality EXTRA ALUMINUM. Surface installation. Internal/external installation, IP65. 2 different outputs. 12/24 ac/dc. **PROMOTION UNTIL END OF STOCK**
721164	**SENSITIVE BUTTON BK** Button with capacitive technology. State indicator by LEO illumination. Made in high quality ABS. Surface installation. Internal/external installation, IP54. 12/24 ac/dc.
721092	**STAND-ALONE WIRELESS RECEIVER** Radio frequency receiver (868 Mhz). Storage up to 500 emitters. 2 programable relays. Integrated antenna. Internal/external installation, IP54. 12/24 ac/dc.
721094	**EMITTER MINI** 2 channels radio frequency emitter. Reach 100m

STANDALONE. OFF-LINE MANAGEMENT

	REF.	DESCRIPTION
	721171	**OFF-LINE MANAGEMENT SOFTWARE** Software that allow to manage OFF-LINE access control systems. Platform, WINDOWS. Management of events. Management through MicroUSB or through programming MIFARE 4K card (721168 USB reader). UNLIMITED number of different installations. Up to 80 doors on each installation.
	721169	**MIFARE STAND-ALONE PROXIMITY READER** Stand-alone proximity reader far access control compatible with cards/key fobs MIFARE Classic 1K and 4K. MIFARE technology (13,56Mhz). Recording up to 3500 events. Made in high quality polycarbonate. Surface installation. Internal/external installation, IP65. 12Vdc.
	721170	**1K MIFARE PROXIMITY CARD** Proximity card 150 13,56Mhz. MIFARE Classic 1K technology. Can be personalized.
	721172	**4K MIFARE PROXIMITY CARD** Proximity card ISO 13,56Mhz. MIFARE Classic 4K technology.
	721173	**4K MIFARE KEYFOB** Proximity card 150 13,56Mhz. MIFARE Classic 1K technology. Can be personalized.
	721168	**USB PROXIMITY ENROLLER** Universal USB proximity reader that allow to read proximity cards EM (125Khz) also MIFARE Classic 1 K and 4K (13,56Mhz) and introduce them into the access control management software.

Access control

NETWORK

	REF.	DESCRIPTION
	721156	**CONTROL UNIT** Controller unit, connection of 2 readers per unit. Unlimited number of controllers per system. Connection of auxiliary buttons, programable inputs/outputs. 15.000 users and 30.000 events. Native TCP/IP. Programable WIEGAND 8-128 bits. 12Vdc.
	721140	**MANAGEMENT SOFTWARE** Software that allow to manage the access control network system. Platform, WINDOWS. Management of events. Management of users. Creation of time zones. Tool to control the worked hours. Tool to create detailed reports. CLIENT or SERVER configuration.
	850106	**NETWORK 4K PROXIMITY READER** Proximity reader with control by software. EM technology (125Khz). Made in high quality aluminum. Can be installed embedded or surface. Internal/external installation. Communication protocol WIEGAND, CLOCK & DATA or CODIX.
	940102	**STAINLESS STEEL NETWORK 4K PROXIMITY READER** Proximity reader with control by software. EM technology (125Khz). Made in high quality polished stainless steal. Can be installed embedded or surface. Internal/external installation. Communication protocol WIEGAND, CLOCK & DATA or CODIX.
	507223	**COMPACT 4K NETWORK PROXIMITY MODULE** 4K proximity module with control by software that can be installed at COMPACT and STAINLESS STEEL panels. EM technology (125Khz). Communication protocol WIEGAND, CLOCK & DATA or COOIX.
	721165	**NETWORK PROXIMITY READER** Proximity reader for access control. EM technology (125Khz). Made in high quality ABS. Surface installation. Internal/external installation, IP65. Communication protocol WIEGAND, CLOCK & DATA or CODIX.
	721117	**EM PROXIMITY CARD** Proximity card numerated ISO 4002. EM technology (125Khz). Can be personalized.
	721118	**EM PROXIMITY KEY FOB** Proximity KEY FOB numerated ISO 4002. EM technology (125Khz).
	721166	**NETWORK BK MINI KEYPAD** Keypad for access control. Made in high quality ABS. Surface installation. Internal/external installation, IP65. Communication protocol WIEGAND, CLOCK & DATA or CODIX.
	721123	**ANTI-VANDAL NETWORK KEYPAD** Keypad for access control. Made in high quality EXTRA ABS. Surface installation. Internal/external installation, IP65. Communication protocol WIEGAND, CLOCK & DATA or CODIX. **PROMOTION UNTIL END OF STOCK**

Access control

NETWORK

	REF.	DESCRIPTION
	721167	**OUTDOOR NETWORK BIOMETRIC READER BK** Finger print reader for access control. Up to 98 finger prints. Made in high quality ABS. Surface installation. Internal/external installation, IP65. Communication protocol WIEGAND_BUS-485.
	721158	**NETWORK BIOMETRIC + PROXIMITY READER** DUAL reader. Includes finger print read and proximity read of cards/fobs. Up to 98 finger prints and 2000 cards. EM and HID technology (125Khz). Made in high quality aluminum. Surface installation. Internal/ external installation, IP65. WIEGAND_BUS-485.
	721159	**NETWORK BIOMETRIC + KEYPAD READER** DUAL reader. Includes finger print read and code. Up to 98 finger prints and 97 codes. Made in high quality aluminum. Surface installation. Internal/external installation, IP65. Communication protocol WIEGAND_BUS-485.
	721160	**NETWORK PROXIMITY + KEYPAD READER** DUAL reader. Includes proximity read and code. Made in high quality aluminum. Surface installation. Internal/external installation, IP65. Communication protocol WIEGAND, CLOCK & DATA or CODIX.
	721093	**NETWORK WIRELESS RECEIVER** Radio frequency receiver (868Mhz). Communication protocol WIEGAND. Integrated antenna. Internal/external installation, IP54.
	721094	**EMITTER MINI** 2 channels radio frequency emitter. Reach 100m
	721164	**SENSITIVE BUTTON BK** Button with capacitive technology. State indicator by LED illumination. Made in high quality ABS. Surface installation. Internal/external installation, IP54. 12/24 ac/dc.
	721168	**USB PROXIMITY ENROLLER** Universal USB proximity reader that allow to read proximity cards EM (125Khz) also Mifare (13,56Mhz) and introduce them into the access control management software.
	721161	**USB DUAL ENROLLER** USB reader that allow to register and introduce finger prints or proximity cards EM (125Khz) also Mifare (13,56Mhz) into the access control software.

Access control

NETWORK. WEB MANAGEMENT

REF.	DESCRIPTION
721180	**WEB CONTROL UNIT 1D** WEB controller unit, connection of 1 DOOR / READER per unit. Expandable up to 20 doors. Connection of auxiliary buttons, programable inputs/outputs. 2.500 users and 50.000 events. Native TCP/IP. Rs-485 protocol. 12Vdc. Integrated battery management.
721181	**WEB CONTROL UNIT 2D** WEB controller unit, connection of 2 DOORS / READERS per unit. Expandable up to 20 doors. Connection of auxiliary buttons, programable inputs/outputs. 2.500 users and 50.000 events. Native TCP/IP. Rs-485 protocol. 12Vdc. Integrated battery management.
721182	**WEB CONTROL UNIT 4D** WEB controller unit, connection of 4 DOORS / READERS per unit. Expandable up to 20 doors. Connection of auxiliary buttons, programable inputs/outputs. 2.500 users and 50.000 events. Native TCP/IP. Rs-485 protocol. 12Vdc. Integrated battery management.
721183	**1 DOOR / READER EXPANDER -1D** Expansion module 1 DOOR / READER for 1D control unit. It allows to expand and manage 1 extra DOOR / READER in systems with 1D exchanges.
721184	**UNIVERSAL CABINET + PSU FOR WEB SYSTEMS** Universal aluminum wall mounted housing far WEB systems. Includes 1 x 5A PSU. Includes placement for 1 battery.
721175	**MINI PROXIMITY READER RS-485** Proximity reader for access control. EM Technology (125Khz). Made of high quality ABS. Surface installation. Suitable for outdoor / indoor. IP-65. RS-485 protocol.
721176	**PROXIMITY READER MINI RS-485** Proximity reader far access control. EM technology (125Khz). Made in high quality ABS. Surface installation. Internal/external installation, IP55. Protocol RS-485. 12Vdc.
721177	**RS-485 CONVERTER** Interface that allows the connection and control of any reader, WIEGAND, DATA/CLOCK IS02, DALLAS and RS-232, into the access control WEB system
721117	**EM PROXIMITY CARD** Proximity card numerated ISO 4002. EM technology (125Khz). Can be personalized
721118	**EM PROXIMITY KEY FOB** Proximity key fab numerated ISO 4002. EM technology (125Khz)

Access control

STANDALONE / REMOTE MANAGEMENT

REF.	DESCRIPTION
721077	**USB RECORDING STATION + SOFTWARE** Recording station for cards/key fobs/emitters. Information of new/delete/swap users inside the programmed element. It is not necessary to be in the system to manage the users. Protection of the installation through installer PIN.
507226	**STAND-ALONE COMPACT PROXIMITY READER** Proximity module for remote management systems that can be installed at COMPACT and STAINLESS STEEL panels. Storage up to 500 users.l programmable relay. 12/24 ac/dc
507227	**COMPACT PROXIMITY READER FOR DUAL SYSTEM** Proximity module for remote management systems that can be installed at COMPACT and STAINLESS STEEL panels and connected to a wireless emitter 721096. That convert the system in a double technology access system.
721097	**PROXIMITY READER FOR DUAL SYSTEM** Proximity reader for remote management systems that can be connected to a wireless emitter 721096. That convert the system in a double technology access system.
721099	**PROXIMITY CARD** Programmable proximity card with 150 numeration. Can be personalized.
721098	**PROXIMITY KEY FOB** Programmable proximity KEY FOB with 150 numeration. Can be personalized.
721096	**WIRELESS RECEIVER** Radio frequency receiver (868Mhz). Storage up to 500 emitters. 2 programable relays. Integrated antenna. Internal/external installation, IP54. 12/24 ac/dc.
721094	**EMITTER MINI** 2 channels radio frequency emitter. Reach 100m.
721095	**DUAL EMITTER MINI** 2 channels radio frequency emitter + proximity. Reach 100m

POWER SUPPLY & ACCESSORIES

REF.	DESCRIPTION
715503	**ATF-12 POWER SUPPLY UNIT** Analog power supply. Entry 220-230 Vac. Output 12Vac 1.2A. Made of high quality ABS. It is mainly used in analog installations. It can also be used in systems where you want to feed a 12Vac door opener up to 1.2A. Can be mounted on the surface or DIN rail (2 elements).
716003	**ALV-2A 12Vcc POWER SUPPLY UNIT** 12Vcc 2A. Made of high quality ABS. Can be mounted on the surface or DIN rail (4 elements).
715303	**ALV-1.5A. 24Vcc POWER SUPPLY UNIT** 24Vcc 1.5A. Made of high quality ABS. Can be mounted on the surface or DIN rail (3 elements).
715703	**ALV-2.5A. 24Vcc POWER SUPPLY UNIT** 24Vcc 2.5A. Made of high quality ABS. Can be mounted on the surface or DIN rail (3 elements).
720017	**UNIVERSAL DOOR-OPENER ADF/S 10-24V AC/DC** Last generation door-release. Small (like switcher box) (with 25,5 mm depth) It's coil works with AC or DC current with a range from 10 to 24 V
730145	**24V BATTERY BACKUP** Battery backup for 24Vcc based systems.. Made of high quality ABS. Status LEDS. Battery protection against power total lost. Can be mounted on the surface or DIN rail (6 elements).
721433	**12V 7AH BATTERY** Rechargeable battery. NiMH 12V 7.2Ah.

NOTES

General conditions

ORDERS

Orders must be faxed to our fax number +34961665286 or emailed to export@auta.es

DELIVERY TERMS

Standard items: 1 week after order's reception

Stainless Steel panels: 3 weeks after order's reception

RETURNS

Returns will be only accepted when a delivery is mistaken. The returns will not be credited until reception. All the returns will be inspected upon arrival. They must returned with the original packaging.

WARRANTY

Auta comunicaciones, s.l. grants all its products with a 3 years warranty since the delivery date. In case of an improper use, improper installation or incorrect voltage.

Auta comunicaciones, s.l. is fully excluded of any responsibility on direct or indirect damages on the products.

The warranty is limited to the product restitution

TECHNICAL ASSISTANCE SERVICE

Our technical assistance department is able to give you any needed advise at working hours. They can also provide special drawings for special installations. You can contact them by phone on +34961643020 or by email on tecnico@auta.es / sat@auta.es

RESERVES

Auta comunicaciones, s.l. has the right to amend the technical specifications as well as the prices of all products listed in this catalogue with not prior notice..

ACCEPTANCE

An official order from a client will be considered as a fully acceptance of these general conditions.
