

Easy Code Change Mechanical Digital Locks

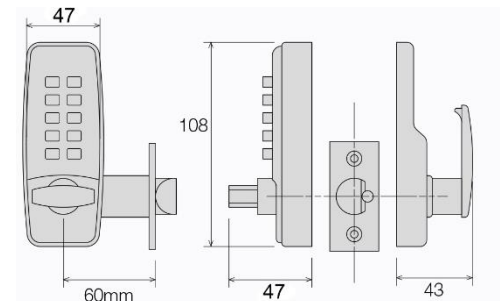

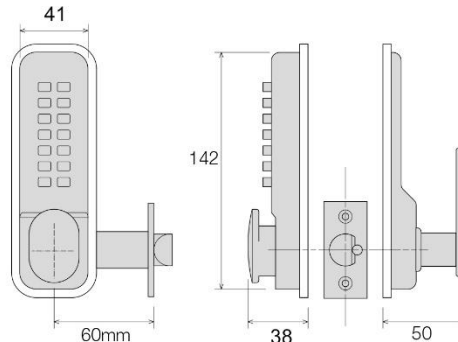

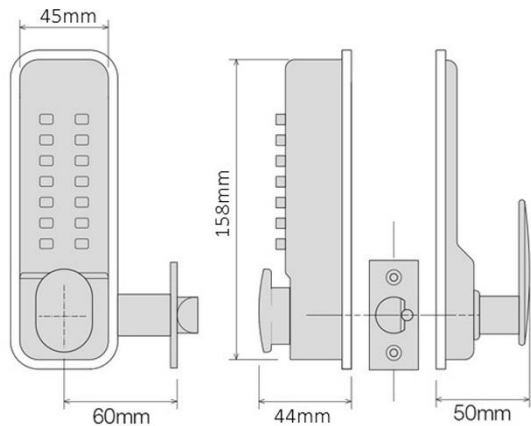

SBL320/S

The 'Easy Code Change' range Mechanical Digital Locks are ideal for when a code is needed to be changed on a regular basis or for having the same code set on a number of different locks.

The code is simply changed by pushing and turning the button on the back of the unit for the corresponding digit to make a code. These Mechanical Digital Locks are supplied with no code set allowing the user to put in the code of their choice.

The SBL315, SBL320 and SBL325 Easy Code Mechanical Digital Locks are designed to offer a simple and convenient means of providing security for low to medium traffic areas such as store rooms, workshops, plant rooms and offices.

Features & Benefits

- Non-handed
- Supplied with 60mm backset deadlocking latch
- Salt spray tested for 240 hours to EN1670
- Latch performance tested to EN12209
- Internal unit provides egress by a large turn knob
